Legacy Health

Diversity in Action

Goal: Expand Leadership Team Diversity

 Leadership Recruitment and Development: We are committed to building a diverse leadership team.

-We have launched mandatory diverse candidate slates for all our leadership positions and diverse interview slates for our panel interviews. We are demonstrating our intentional approach to diversifying our leadership ranks.

• Targeted Diversity Training for Leaders:

-We are developing a leadership training module designed to raise awareness of diversity, build leadership cultural competence and illustrate the business case for diversity that will be rolled out over the next 12 months to all leaders at Legacy.

• Legacy Leadership Engagement in Community:

-37% of our Executive Council hold memberships on boards of community organizations with significant cultural, ethnic, racial and low socio-economic client populations and/or whose missions serve diverse communities.
