

2014 Projects Funded by Women of Good Samaritan

- Renovation of the Family Education and Meeting Room in the Kidney Transplant Department, to better serve transplant patients and their families while meeting with physicians and others on the transplant team as they learn about pre- and post-operation procedures and lifestyles.
- Materials to reduce light in the Kern Critical Care Unit to allow for better sleep for our most vulnerable patients.
- Televisions and DVDs for the Sleep Disorders Center, allowing patients to feel more relaxed and "at home". Will also be used for educational purposes.
- Psych-safe beds for the Emergency Department, to provide comfort and safety for psychiatric and other patients.
- Remodeling of the Outpatient Rehabilitation reception room to make it more comfortable, as well as educational, for patients.
- Funding to host a half-day event on food preparation and healthy eating featuring nationally known speaker, chef, and cookbook author Rebecca Katz.
- Get Fit pilot exercise program for cancer survivors, which includes Fit Bit devices for participants.
